

NEPHROLOGY CLINICAL SOLUTIONS

**FOR IMMEDIATE RELEASE: JANUARY 28, 2013**

### **Hemodialysis Review Course Updated for 2013 Now Available**

Lisle, IL, January 28, 2013 – Nephrology Clinical Solutions announced today the immediate availability of the updated online Hemodialysis Review Course highlighting current evidence for treatment modalities, water treatment, and quality monitoring.

Course Director, Patricia McCarley, MSN, and ACNPc, CNN states, “The Review Course is the only online comprehensive course available. It’s ideal for dialysis staff competency review and testing and provides course material to strengthen staff orientation and training programs.”

The Hemodialysis Review Course is a comprehensive review of chronic kidney disease and treatment modalities with an emphasis on hemodialysis. Targeting nephrology nurses and patient care technicians, the Course provides a flexible self-paced learning environment. Each of the 8 chapters includes a post quiz. Upon passing a final examination, graduates gain 11 contact hours.

Course Chapters include:

- Kidney Anatomy, Physiology, and Pathophysiology
- Principles of Dialysis
- Patient Evaluation and Monitoring
- Hemodialysis Vascular Access
- Dialysis Treatment – Equipment Monitoring
- Water Treatment and Dialyzer Reuse
- Patient Education
- Patient Safety, Documentation, Infection Control, and Emergency Preparedness
